YOUR HISTORY DEPENDS ON WHAT YOU DO NOW!

(Cloning vs "Past" Production)

(The following is an extract of an as of yet unfinished book by Captain James Melix Somajar of the intergalactic fleet of the Brotherhood of Light. Captain Melix is also an engineer with a vast array of knowledge on technical matters of space flight and know-how of engine design criteria.)

11:00 am

INTRODUCTION

Beloveds! It is well that we get started. And the briefing today will include all those little understood or even known-about, for that matter, spectrums of diabolical undertakings shouldered by those of the diocese of antiquated societies of "down under." And here we speak not in affiliation of your Australian continent but rather the reproduction of all those nations of long ago. Yesteryear is rapidly and candidly showing of its face within the design of those more comprehensive worldly structures of "just what time and when shall we show of the people all those likened strains of non-prejudice toward that of the likeness of the present affiliation toward their racism of diabolical undertakings within the self creation of their own world at large."

Beloveds, let me now introduce myself as Captain James Melix Somajar from the 8th quadrant north of the Andromeda Sector of Adidomus. I am consigned fully of the title of Lieutenant Major, and perhaps though you think me to be of lowly command, I assure ye all that I AM NOT! Upon our most signified plane of non-atrocities, the captain's command position heartily acclaims itself to be one of the most wondrous affiliations of title a gentleman could ever wish to

hold. But that, in the least case, does not do away with those hard gained titles of less significant structure whilst working one's way forward to the captains seat. Therefore the each one of us in succession have our listings well recorded of our accomplishments toward that of proselyting generations through the warp of General downward, and reverse tactics always shield us from further harassment simply because we allow of ourselves to use any given title of which we likewise have earned of in the past. My commission and rank state: Captain Melix 407491273. Good day and we shall begin.

I DO OFFER MY SERVICES

I do offer up of all my services to all those so comely engaged within the diaphragm of articulate proceedings of the giant manifestation *MAN IF ES* {et) {AT} STATION - and that is quite a little curriculum of which ye faithful ones fully intend to preserve anyhow - even at the expense of man!

Now let me give you a little bit of our goodly advice, loved ones. You should not and may not at any such time perform diabolical substances upon that of your own kin whilst in the making of another civilization toward the substance removal of articulate DNA patterns so signified through the abstraction severances of Blinkensop manoeuvre for instance. In order then to qualifyingly eradicate the conscientious infra-structure of that of which you should one day hope to succeed of your forefather's footprints in, we comely advise ye to hold back "off" the positioning of "culprits at the helm are our fellow watchers." For in order to symphonize that which you so heartily waive toward, dreamtakers, and in an effort to strategize through the waves of past successes without getting yourselves all blown up in the proceedings, you must learn hereby to qualifyingly reduce your quality of "what to do of the here and now - and how far should we gainatorily take this" back to the true effort of that which you didst once far back set out to accomplish anyhow. We are sure

you do know exactly what we do mean, here?

Time to further unscramble of your brains, beloved, for the time has surely come upon ye now that the same track record, so securely held for safety within the Akashic records of above, still proclaims to us at least that at least one or two of ye finest minds down below have sufficiently acquired enough data of long ago to proceed of yourselves on with the work. AND WE ARE NOT TELLING OF YE NOT TO! THAT IS PRECISELY IN FACT, THE POINT OF MY ARRIVAL UPON YOUR SCENE OF TODAY! I WISH TO HEARTILY ADVISE YE IN YOUR TRAVELS THROUGH THE AQUEDUCT OF ALL NON-RESOURCE THINKING PATTERNS IN ORDER TO ADEQUATELY 'GUIDE' OF THE EACH ONE OF MY LISTENERS BACK INTO THE CORRECT WAY OF PLACEMENT AND CREATION OF MANKIND AND HIS ADVERSARIES {AT LEAST THE WAY YOU SEE IT, LOVES} IN AN EFFORT TO PLACE YOU BACK UPON THE RIGHT TRACK BEFORE YOU BLOW OF YOURSELVES COMELY INTO THE LEFT KINGDOM OF YOUR FATHERS.

Now there are several ways in which you can do this, beloveds, and here we make no general mention of the atom bomb fissure. For I take no interest really within this sordid category. However, other avenues waver distinctly toward the full restoration of filamenting the desire of the ages that your forefathers before you had, {and do you really know yourselves even this late in the game any better?} However, we will get onto that subject a little later down your road, so to speak. Let us just quickly pick up retrospect to what I had just been saying. and this simply being the re-placing of all doctrinal reform just "out of the hands" of several categories of radically re-equipping yourselves from the past with the means to coagulate the realms of your passion back in a with a quick-fix solution every time some idiom of your creationary ability goes on the blink.

Scribe Seila, please sojourn yourself in a break at this time. I do have other matters to gamely attend to for a quick shift in your lunar module. (11:48 am)

AND "WE'RE" JUST GETTING STARTED, BELOVED!

We have much to cover, this segment of authority loves, and now is most surely the time of reindoctrination "back" into the sources of our destruction toward the gating of another civilization back through time.

WHAT ABOUT ATLANTIS AND MU?

What happened indeed to the beautiful "fictional" cities of both Atlantis and Mu? Now this indeed is a healthily one meant only for the text books of time so securely held within the rock divine of the kaleidoscope of the future role to be played out. Instigating success in any endeavour severely requires a heated topic of discussion before it can ever get of itself securely "off" the ground of indexed qualifications. And here do I put in a word for myself.

Now in an effort to succumbly instigate all proceedings of the mind capabilities we have shouldered within ourself the affluent measure of "helpmeeting' with ye all in a combined effort of "what is it that so intrigues mankind toward the abstract quality of sublime measurement of his own abstinences?" We have fixedly surmised that in an effort to not ever again see of yourselves to have quaintly and for the fourth time, I might add, adhere to all those given policies of "war at the forefront, will I now adhere to the sequence of "Let us have war/not peace" which is in a way a severance of "the utmost in reverse academics" toward that of which we are now talking of. In its most abstract sense then, we have long watch of ye and your ancestral ties of the forbidden past subject yourselves distinctly within the retinue of all ties no matter what the cost to both yourselves as well as others. And what does this have, in fact, in all good conscience to do with Atlantis and Mu? Simply, dear Ones, the abstract flavour personified through the distinctly pleasurable conquest of "man above

another.” You have fielded a thought toward that request to which you, yourselves had given us of another time, field, and space coordinate. So settle yourselves back in with us for a time of great listening and comprehensible attire for the equinox is coming about upon your plane shortly and you must not under any such given mathematical equation see of yourselves in foresight this time to have allowed yourselves to have fallen short a sixth or seventh time in the race of “physics hath allowed of us gracefully to acclaim back to ourselves that non-detriment of doing mankind, of which we are, THE GREATEST GOOD!" For at this level in your tender developmental stage of "delivering up the goods toward the public at large” - YOU WILL BACKFIRE ALL YOUR PROGRESS INTO A GREAT LITIGATIONAL CHARGE WHENCE YE DO FIND OF YOURSELVES TO HAVE STRATEGICALLY HAVE PLACED UPON THE SHANKS OF YOUR FELLOW MAN ALL THOSE IRREVERSIBLE CONCEPTS ONLY SHARED BY THOSE OF DIVINE INTELLIGENCE - AND THE WARING WILL START - AND YOU WILL BE LEFT WITH NOT A MORSEL TO LIVE ON - AND OF THIS SCENARIO DO WE PRESENT OURSELVES UNFIT TO EVEN HELP OF YE ALL OUT OF, FOR THE INTRICATE AND UNWAVERING LAW OF INTERFERENCE SUBLIMELY CHECKS OUT ALL KNOWN CRITERIA OF POSSIBLILITES FOR THE INTERFERENCE OF OUR RESUME TOWARD YOURS AT THIS TIME.

SO WE HAVE COMELY GIFTED OF YE ALL TO HEARTILY AND GRATEFULLY ALLOW OF OUR SWIFT HAND IN MOVEMENT TOWARD THE MORE FUNDAMENTAL AND ARTICULATE SPEECH PATTERNS IN AN EFFORT TO NOT SEE OF YE TO SUBJECT YOURSELVES BACK INTO THE QUANTUM ARENA OF THAT WHICH YOUR FOREFATHERS ONCE DWELT.

SO BELOVEDS THIS IS A SINGLE EQUASION OF WHICH WE SEVERELY GIFT OF YE AND IN ALL PRACTICUM OF DEBAUCHED THINKING ABERRANCES WE WOULD AT THIS

TIME STRONGLY ADVISE OF YE TO LISTEN UP AND HEED OF OUR WORDING, STRANGE AT IT MAY SEEM OF YOUR EARS IN AN EFFORT TO MODULATE THOSE CONSIGNMENTS OF DESIGN TOWARD THE RE-ESTABLISHING OF MEMORANDUM OF CIRRICULUM TOWARD THE FAITHFUL PRODUCERS OF SCIENTIFIC THOUGHT.

Good evening and sign off fissure of mine own hand for today little One. We will broadcaste further in time. And down the road of the fiery quadrant will ye all see of yourselves to reign. For Augustus Caesar himself could not have laid out a finer conduit of express thinking patterns as you have done of the intricate science department of "all has it's rightful place upon the phoenix of the articles of grace." Good night beloveds, and remember, we are here to serve all those who have a spectrum of good doubt as to what they are doing and why they are really doing it. Mass production of trivia consequences is not really out of the question with us and as oft as displayed forthright into the subjection of "strains" of the least of earths well rounded creatures, we do implore ye to listen up again, for WE HAVE THE METHODS AND MEANS FOR FULL DISPLAYAL IN ORDER THAT YOU FINALLY DO ACHIEVE ALL THAT YOU HAVE SET OUT TO ACCOMPLISH IN ORDER THAT YOU NOT BE SWAY TO THE RIGHT OR LEFT OF YOUR MISSION WITH US. HAPPILY AND MERRILY DO WE OFFER THAT OF OUR RIGHT HAND AND YOU WILL HAVE IMPLICICALLY ENJOYED ALL TEMPERAMENT OF THE WORK OF WHICH YOU HAVE SUBJECTED OF YOURSELVES WITHIN -WITHOUT ALL THE GHASTLY CONSEQUENCES OF "WORK AT LARGE HAS DRIVEN US INSANE!" AND HERE THE GROTESQUE OF CARACATURE HATH GIVEN US A MEMORANDUM OF "WHAT POSSIBLITIES OCCUR WHEN WE DO NOT LISTEN TO THE WISE COUNCEL OF THE GODS AT LARGE."

BE WISE THEN, BELOVEDS, FOR THE AGE OF ACQUARIUS

HAS FINALLY ENDED AND NOT A ONE OF YOU RESPONSIBLE FOR IT'S DEMISE WILL INJUNCTURE OF YOURSELVES MOST FITTINGLY BACK INTO THE GAINATORY PRESUMPTUOUS PARTISANS OF YOUR PREDECESSORS. WE WILL COMELY BE TO MAKE OF OURSELVES SURE OF THAT - BUT ONLY IF YE BE SO FRUITFUL AS TO LISTEN BACK INTO OUR WORDS OF WISE COUNSEL. BEGONE THEN WITH YOUR FATHERS SEIZERS FOR THE BRINE UPON THE HUNK OF PRODUCE WILL NOT EVER BE SEEN TO WITHER AND WINE WITH THE INTRICATE AND IMPLORING FUNDAMENTALS OF "WE KNOW HOW TO BUILD A FRUTIFUL AND WELL PRODUCTING SOCIETAL STRUCTURE OF THE FIFTH TO SEVENTH DEGREE." AND AFTER ALL, LOVES, HOW BETTER OFF YOU WILL BE BY DISTINCTLY "NOT" GRACING YOURSELVES BACK INTO THE REALM OF "YOU TAKE ON THE FORM OF ALL FINERY BY WHICH YOU HAVE SUCCUMBLY CREATED THROUGH THE TECHNIQUE OF YOUR OWN HANDS!"

Continue on the morn of their abstinence loves - for you have not "enough time left and neither do we!" {Next standard heading scribe and we will close off} So, applicable to substance control are we?

Well now design this if you please and coordinate all "rational" thoughts within the application of proper protocol so wantonly discriminated against the plight of mankind in general.

(Seila: Captain, I must close down. I am overloaded) Adieu then, little Star. caption closed. {all segment chapters will be defined and abbreviated or indexed rather as "Caption Headings" if that is what I gave to you last time} (Seila; I will look it up and make sure. Thanks for the reminder. Seila out) (12:59 pm)

June 12, 1997 Thursday

1:00 am

JUST A LITTLE BIT OF HISTORY

Good morning scribe. Back to the worktable on this one intricate piece of news today! Captain James Melix for your information back at the scribble table with you. Now in a major effort to underline all those "past" credentials of yourn and ourn own progress, let me just remind the one and each of ye that it was your ancestors (which in many cases are you, yourselves) who do indicably understand the overall consensus of arbitrary thought formations. And just why is this, all my beloved little scientists of many extractions? Well, dutifully must I recommend that they fathers of the industry were none other come back than you, yourselves.

Fortitude surmounts that they too, extracted much DNA from legitimate sources of their study and the halls of wisdom also dictated in their furlough that the seam on the coat all but eradicated the entire project thus performing an indictable possibility toward the fullness of manufacturing strategies of merging all those abstract, shall we call them, qualities from "one beast to another." And what indeed was performed upon their behalf in the days long past but a seasonal chart of queer creators inundated through the source of their technology of graces so wrought forth distinctly through Brethrenhood credentials "lost", those factitious and sometimes "mythical" creatures of the underworld. And why was this shaken up as far as the general consensus of national tribune was concerned? These known scientific studies merely showed to the world at that time that it would not work according to the philosophy of the Great Ones from the stars inasfar as COMPOUND STRUCTURE of another fellow human being was concerned. Simply for the precise standard of the gods so held in rapid esteem that all might just come out right and the way it was fully intended to be in the first place.

Coordinated efforts with our scientist of great understanding toward these kind of "manufacturing's" and of those of your plane didst

amalgamate of their resources and understandings in such a way as to dictate to all within hearing distance, that indeed Creation was a liberty such as to be enjoyed by all.

But even through all the mire and proclamations of the 12th century, didst of ye also know at that singular time in history just how far you had gamely progressed inasfar as your concrete hold upon the secrets of Brethrenhood literature concerning such matters? Nay, naught at all, dear one, for the fish at the end of it's final tail did a spin and sent you all back into Mercury's kingdom come! So now you have a little portion of your "before" hearing the same voices of proclamation to the worth of that of which you are so rushing forth to engage yourselves within for the third and seventh time around. Depending of course, entirely upon "who reincarnated back from what era - WHEN!" And of course that was the 12th to the 4th extraction of Plymouth. Understand? Good. It's time you did.

Plotomus did his share in the finding out of many reknown and little understood truths and before the world knew what hit them, he had shown them all of his fleeces he had so well hidden under the trunk of their despair. Just a little food for thought here, little ones of mine hidden rank of subjectional process.

So in a very candid effort to begin all over again all those thesis of melodramatic extractions toward the forementioning of that of which we are now speaking of, we have in many generation past been of the secure helpmeet to people such as yourselves. So on with the show in that case.

Now let us sincerely begin of our work, shall we? And in case there are those of ye who do not fully understand either the consequences or the computations of which we now speak, then we would sincerely recommend of yourselves to capably distance of yourselves at this time away from our project divine - and let those who do know of that which we speak on their behalf continue on with us in lightened ability of the same as they have shown us in lifetimes past. You are your forefathers of liberty dear ones, and know it naught at this

distant time in space you have already secured the problematic fissure of light against darkness and veracity against that of the darkened fissures. This is why (though you work so officious together - strategically speaking of course) you have the quarrelsome nature which well goes along with your job of "DO RIGHT TOWARD OTHERS BEFORE WE LAND OF OURSELVES WITHIN THE DISTANT WATERS OF PAST PROJECTION OF OURSELVES INTO ANOTHER RADICAL CHANCE TO WORK CAPIBLY AND CONSCIENTIOUSLY WITHIN THE LIGHT OF ALL EXTRACTION.

We will close off of this portion for the highlighting of another such topic of discussion. Please implement, my scribe, to the "Aqueduct Sensation Abroad."

THE ACQUEDUCT SENSATION

Now in distant efforts to not once again "hyjinx" the entire project out of the thawthy hands of your opponents (though your guess is as good as mine own as far as this is concerned - for you would proceed at a far greater rate of extraction if you would but learnedly work together more on a tightened theorobelt, so to speak) your graphical components working within other infrastructure fast and quarkedly, shall we say, do wish to bring you up to the forefront of their long held dispute of "LETS INDEED WORK OF OURSELVES TOGETHER AND INFLUX NO MORE WITHIN THE CONSIGNS OF 'LIBERTY MUST BE FIRST MET WITHIN THE EUROPEAN CONCENSUS!'" This will never be seen to happen anyway loves, for indicated control of all cyberspace didst in fact always belong to US!

So then what happens next? Simply all known cloning facilities in the eastern hemisphere of Duchmont, so to speak (names and places do not often rate proximity with we ones anyway) were once well known to have capably manufactured "substance control" toward that of their far-reaching pictorials (which in any event never do let tell of one

great story in truth over another) and we should in fact write a history book with all correct accountings of those things you would never have known otherwise.

So how do those strong-arms of civilization long past still propagate the same restrictions upon your journey into the “unknown?” Simply because certain records have been kept and preserved in much the same way that a breakwater would reactivate all the distinct qualities of “no further do we tread than we have previous record of.” And this of course is where you get off the old ship and journey on to another land, categorically speaking of course.

Hindrance to the project at large simply states that you have found your way “back home” and now it is time to begin the same old process all over again - **AND LET'S SEE IF WE CAN GET IT RIGHT THIS TIME BELOVEDS!**

Now the single train of thought today depends entirely upon your own DNA implications of what you subconsciously do remember and of that which you do not! This is precisely where, and again I say, where we come into your workplace. **IF YOU STILL WANT US THAT IS!** Be critical naught for the play upon sentinel words do tend at time to place the each one of ye upon the upended precipice of philosophical neutrality. Distinguish of yourselves in the production line of which ye now create and join forces intricately in order to rapidly "conquer" all those festering wounds of past projections which didst severely see of ye and your nations of kindred into a kind of seizure of despondent reality of the crux of the mess you had created. This turned into a bondage if you can curtly remember and past proceedings didst to enhance the abeyance of philosophical forum into a rather distant nature of **"WE HIT THE CRUNCH LINE AND NOW WHERE DO WE GO FROM HERE - GOD!"**

So proceed with intelligence as well as caution and though you may effort to relight within your consciousness that intricate replying of your conscience with the Brotherhood, distinctly speaking here, we

would severely help you to understand the precise manufacturing capabilities of proceeds of evacuation from that which you have so solemnly once again begun and put of ye back upon the beaten track of righteous demand hits the stars. Those of you who do fall into this distinct category of our ETHICS do stand tall and we will gamely take you by the hand and lead you into the architect of which we have learned to employ, for the security of your nations now depend upon it.

Read up on Atlantis and Mu. Read up upon the time of the great giants and their bearded wonders throughout history. Read up if you do beloveds, of the time of historic penguins and their counterparts the sea ostriches and you will see what went wrong. For in every category there is a misconception of blood type vs. productivity of ratio nutrients within the coporas of the demented. And asfar as blood type is instigated you did also of yourselves forget that certain bladders depend upon the synchronization of SIZE!, so here we just touch our hand gently toward your breezy understanding of just what makes what into who. And after all is said and done, it is, after all, just a small glitch in our policy to even demand that all be set right once and for all and a gifted wonder to you that we just do not shut down the entire project of that which you believe you will come to master. In triplicate then these are your theory lessons of the past. And you must learn them well for the drilling process of us in your minds (in your own terminology) will severely continue amidst the dredges of society which many of your upper theologians of scientific industrial exposure have long ago "invented." And unbeknownst to many of ye wet behind the ear individualists, we know much more than you do of those "things" you have long past created within your conscious ability into personification, that wander the earth, than you do. Cordially signing off for this segment today, little one. Place signatory structure at end please Seila. Melix out on bandwave 4.027. Adieu. (12:13 pm)
