Sisterhood, Brethren AISalaam Alyakaim. The Blueprint of the Federation of Free Planets have well prepared for this day. We have covered nearly every segment if naught all of the new Iraq, new to us being since Iraq changed from the time of the first landing in UR.

Sisterhood, Brethren there are a few things you are to know.

Elections will dissolve Iraq. They will only further the contention between Shi'ite, Kurdish and Sunni to begin with and then of course there are the other atonomous regions. Now the reason the Shi'ite are determining to hold elections early are because they know, and are all too well aware that if they do naught, and the real President of Iraq turns up, then their entire commune of government will need to be immediately dissolved.

Therein must the Federation of Unified Ummah within the greater structure of UMMAH be set up and regulated so that the True and Enlightened Leadership which many you thought you threw out of supposed power for the moment, will have the base already for them when they return. It is as the Gods and Goddesses of the Firmament will it to be.

Now the next point we will explain and to the contentment of every group inside of Iraq which is legitimate, will we now proceed to address.

Each ethnic majority as well as minority will work upon this consensus. For Iraq, for the Middle East it has to be that way.

Iraq must have an indigenous Enlightened Leadership. No titles will then be used, such as President or King nor any other such title.

Each Ummah within the UMMAH of Iraq will have tribal leadership of an Enlightened Sort. One man and one woman from each region.

It will result in an entirely different type of autonomy.

Each region will have their own Ummah, which means small nation within the Larger UMMAH or Larger Nation of IRAQ.

Each Ummah will have its own sovereign flag to represent its small nation within the Greater Nation or UMMAH of IRAQ.

No Ummah will be the sole source of their own oil and gas wealth. This is due to the fact that Iraq will naught be operating upon the sole jurisdiction of separate entity of autonomy.

This, as we have said will forment a different sort of autonomous regions, each with their own culture base and ethnic qualities which they wish to keep to the fore, protected and beautiful.

Each Ummah must then have their own small military, voluntary to add or attribute to the whole.

Each Ummah will then protect the central UMMAH giving the UMMAH Enlightened Leaderships relaxing quality to work ALONGSIDE AND NAUGHT OVER the participating and protecting smaller Ummahs within IRAQ or otherwise known as the GREATER UMMAH.

This type of autonomy as we speak on will give to each distinct region of Iraq more power within each region.

In fact more power than if they were smaller nations all on their own separated from the Central UMMAH of IRAQ.

You will see what we mean shortly.

The responsibility will be greater.

Every Ummah will be set up in the same and exact format as the Central or Greater UMMAH.

And all business will be conducted by talents, needs and access to trade deals with other nations.

This will be based solely upon the Original Interstellar Islamic Economic People Friendly system of concern and no flagrant nor monstrous abuse of each Ummah will then be possible.

Abuse of any system is only possible, Sisterhood, Brethren, when you have dissenting electorate bodies who will break every law and principle in the book and steal money from the Peoples of the Land, in order to put out the best front and podium for their own self-made credibility.

Without elections there can be no such abuse of the system and only Enlightened Ones will get into the Enlightened Positions - those Sisterhood, Brethren, who are able to CONVERSE FIRST WITH THE STARSHIP COMMANDERS! FOR THOSE WHO CANNOT EVEN DO THAT MUST REALIZE THAT THEY ARE NAUGHT AT THE LEADERSHIP LEVEL FOR GUIDING A NATION, THE UMMAH NOR THEIR PEOPLES.

In the "absence of" the people hating present economic system there will be no corruption from that front either.

The Federation works upon a basis of gaining for the People, that which the People need and certain items needed by the People of Iraq will be traded for Other items using the natural resources of the Central and smaller Ummahs together.

Now let us please explain.

Health Care is number One in Iraq.

Food consumption is number One in Iraq.

Demining is number One in Iraq.

Shelter and Clothing is number One in Iraq.

So right now we deal with the staples which all Iraq will need in the future and for an example we take Health Care.

The oil and gas will be traded for instance to a nation such as Japan or China or Indonesia for their holistic doctors to come to Iraq and train our doctors and nurses in the safe use of all formats of ancient and present herbal and acupuncture [for severe pain instead of pain killers which ruin the stomach lining]. Many of the herbs will Iraq trade oil and gas on a continuous basis to these nations. No money will pass hands therein no money will be taken from the Peoples of Iraq keeping then the Original individual Ummahs clean and no temptation unto the process of corruption.

Thus when the Enlightened Leaders of each Ummah hold a Majlis and have their reviewers taking counts as to exactly how much holistic medicine is needed, from each and every household, hospital, clinic, etc, then that figure will be processed into the next Order form and delivered by each Ummah unto the Central Enlightened Leadership of the GREATER UMMAH who will then by design contact the respective nations with the Order form and then the trade will be organized immediately with no

waste of time and every Iraqi Citizen will have in that area what he or she needs without taking more than they need. If for instance, China, or Japan or Indonesia need instruction in Architecture by Great Iraqi Engineers in such profession, then Iraq may trade Engineers for Holistic Doctors for whatever time is needed or allotted to each side. But the oil and gas will still be needed for trade for the holistic medicines and other items of great worth.

In this way of course the natural resources of each country in the world connected with dealing within the Federation of Unified Nations will be able to balance out their resources in every which way and direction.

No breaking of anymore Universal Principles or Laws if you would like to call them that and then you will see just how quickly all crime and criminal intent pass away for good.

Each Ummah which has the Enlightened Leaderships may go from region to region to ensure they have found ones who communicate directly with the Starship Commanders of the Federation of All Free and Unindulated [Uncompromising] Reformed Planet Worlds.

When the Enlightened Council is set up then of course the concerns of the People will go to district Majlis and from there the issues will be gathered - issues of material concerns for some Majlis to handle and to then transfer to the Enlightened Leadership of each individual Ummah who then take it directly to the Central or GREATER UMMAH who then IMMEDIATELY contact the Leaderships of the GREATER UMMAH of other NATIONS and the Orders are again put through.

There is no time wasted and all begins immediately. The only time it will take between Order and Receive on both sides will be the time it takes to gather the willing Personelle [for no one must be ordered] and the necessary resources on Order from Iraq as required and then the duty-free, tariff-free, money-free, reba-free exportation into Iraq.

Iraq of course will pay all fuel charges to bring the Doctors and Nurses for instance as well as the required Items which can be anything which the People of Iraq of each individual Ummah and of the GREATER UMMAH wish for their own personal use or talents of the positive realm to employ on the behalf of themselves in rebuilding their own Paradise and on behalf of their own contribution to others.

So in dealing this way IRAQ of the GREATER UMMAH as well as all the smaller Ummahs with their own special culture and Flags will benefit and reap the well deserved fruits of their labour, with no man and no woman controlling the All in the realm of the Oil and Gas industry.

A few controlling all is precisely where the People and the Leaderships lose their own power over their own lives and Beingness.

And when then we have many Nations or UMMAHS participating, this is the time we build the even GREATER UMMAH and then a man and a woman, or several men and women in balance of Enlightenment and numbers will join with, say for instance, Saudi Arabia, or Egypt or Syria or Yemen, or Afghanistan or all of such UMMAH and become again a new CENTRAL UMMAH and in this way the trade barriers come down to an even fuller extent and that is what we mean by the borders come down, yet the borders of each UMMAH are protected by the Interior smaller Ummahs of each GREATER UMMAH or NATION.

At this point the present hateful, greedy, and blackmailing, murdering, thieving entity have completely lost their entire powerbase and the People will be happy all over again - at least those who have naught had their entire families and lives completely ruined by the ugly face of the present Helliots.

The Blueprint is so special and easy to understand and implement that IRAQ can be put back on its feet in a matter of months.

Naught just a little bit of progress here and there for the peoples to pay tribute to an all increasing diabolical greedfilled and murderous thieving Leadership, but rather a progress which is immediate and self-serving for the Whole in every way possible with no delay, fulfilling the every want and wishes and dreams at least material wise of the People of each special Ummah of Iraq without spending one dinar to do it.

Therein does all corruption end.

#### THE SAFEGUARD

For those who say to us: "then how do we keep the People, Groups and others honest in order that they do naught cheat one another or that Leaderships do naught cheat one another, or nations do naught cheat one another?"

We say to ye ones, that the Federation of Unified Nations have a safeguard built in. What happens here is that the moment one cheats another by, for example, naught keeping their part of the Order or bargain, such as delivering items, after they have received what they had Ordered for themselves or on behalf of their People, the moment that Word gets out, these ones will be automatically boycotted by People on all levels. From the grassroots, their neighbours, up to the Central Enlightened Leaderships who take the itemized Orders from the Enlightened Ummah Leaderships who take their itemized Orders from the Peoples at the Material Majlis'.

We employ different Majlis in the Federation of Unified Nations.

So you see it does naught pay to be a cheat. This economic system keeps the People from engaging in criminal activities of any kind and if we find any Persons engaging in criminal activities against their Sisters, Brethren, their Ummah, or their

Central Enlightened UMMAH, then these despots will be immediately thrown out of the Federation of Unified Nations and will then need to reside alongside and under the most brutal despotic rule of the wicked and evil present One World Police State Economic, People Hating, War Loving, Order.

While there is much more to explain, and much in the region of intertrade of all agricultural and non-agricultural regions have been shown and explained in detail to ye all before uncomely ones came to take of our computers and files away with all those sincere and beautiful expressions of explanations in these areas, we will leave you with this, Sisters, Brethren, for now.

Please remember, each UMMAH will have Enlightened People at the top and some have already been well presented to you in AFGHANISTAN as well as SAUDI ARABIA.

These are the examples and these are the enjoining of the UMMAH, the GREATER UMMAH throughout the Middle Eastern regions, the African regions, the regions of South America, Asea, the Satellite States, and world wide, those who wish to also join for a future with a better life.

This is how Iraq and Saudi Arabia will join at the hip. This is how Egypt and Syria will also join at the hip. This is how Iraq Saudi Arabia and Afghanistan will also join at the hip.

Do you begin then to understand exactly how the Federation of All Freed and Unindulated Reformed Planet World Structures Work then Beloveds One and All?

The CENTRAL UMMAH IRAQ will have special Pyramids beautifully built for the People and engraved on the outside of these Pyramids will be the entire History brought back from the time of the first landing of UR up unto this day and the next and all cultures, languages and histories will be represented in the finest gold carvings, with silver in the representation of the Starships, the Moon, and other astronomy as known, seen and cultivated alongside the brilliant sun which lights up the firmament beside the brilliant moon and all will be once again pleasing unto the Gods and Goddesses who watch over thee and reign so high up in the firmament of all Humankinds fondest mysteries.

Remember Sisters, Brethren, there are only mysteries if People are uneducated in the realms of the unknown.

We surely do hope by now that you do begin to understand and know that ye are naught alone in this great Universe for what arrogance could then be said of this present Humanity if they were to think at this lowly warloving existence that they were indeed the highest evolved creatures in the Universe. What nonsense is that. We hope we have now been of Greater Assistance to ye all this new day. - I am Uthrania Seila Sentana-Ries of the Federation of Unified Nations

## **As An Example Of Just How Present Day Economics Work Vs. The Economics Of Paradise For The People**

First you must understand that through reincarnation, whatever you build in this life will be your token or contribution toward yourselves as well as others in the next. Hence, you are now living in the Time of the Great Equinox whereby you either make it to the first rung of living upon a Paradisiacal world having made it over the Equinox, or having to repeat many lifestreams over again upon various planetary worlds. Once you do make it over the final Equinox, you then will never need to work in the negative upon worlds such as this. Like a plant you grow and continue to flourish without snow and ice making you to repeat and rebuild consistently. It is an exciting time for you live upon worlds in which truth is the normal attribute of life no matter in which discipline you may study or major in. Travel to other planets is as normal a feat as travel to other countries is upon this world. The economic system is entirely different and this world has no known substitute for it and that is why this world is out of sync with all universal principles of higher evolved practices. Evolvement does in no wise mean that the Darwin theory has become the substitute of truth, but rather the evolvement we speak of has its principles in human birth, HU standing for Holy Universal, which simply means that when the Creation of the Humanities first began, the human "evolved" in higher understanding and principle of truth, but the coordination of the body still remains as human. Once you make it over the Equinox, your humanity takes on a brand new type of evolution and that evolution has entirely to do with intellect and perfecting one's dna. One has never begun as a tadpole for example, evolving into an ape, though we do agree that in the political realm that most do seem to act out their own beliefs in this arena. My children, we have worked long and hard over many lifestreams, and few come to a world such as this in order to teach of the errors of religion and economics - but this is the time of the Equinox. Our teachings are a danger to the power structure of this day and the powers that be have tried to eliminate in one way or another, each one throughout the generations and those generations are ones which have come back to be taught of the true system in all of its principles and directives in DETAIL and that which we have given so far has resulted in ones trying to imposture us as well as to steal our words. That is a grave error and dangerous thing to do. While this system of economics promises to steal the resources from the people, and to build them a hospital or two and a few complex of housing within, say a five or six year period, the Paradisiacal economic society builds all at one time - no budget, but before we go into this, here is the example, just so you understand how it all works under the system of which you now reside. This is our great love to each of you, our children, because without knowledge, one is likely to repeat the same mistakes over and over again - and this "is" the time of the Great Equinox.

### **AN EXCERPT FROM THE BLUEPRINT OF PARADISICAL ECONOMICS AND SOCIATAL STRUCTURE**

Under the present system, this people suffering, people hating, monetary system, the hospital would look like this and be paid for under currency, low wages, and reba four times by the people.

Here is how it works:

The contractors borrow money from the banker or several bankers amalgamating their debt load into one massive tribulation.

Then the contractors hire people to build the hospital.

The hospital will be built solidly but yet in an inexpensive way as possible in order for the Contracting company or companies to make as much off their profession as possible.

Next come the workers who are paid as low a salary as the Contractor can possibly get away with.

That is the first installment.

The borrowing aspect from the Continental Banks.

Offshore Providential.

Then when the hospital, dully as it looks, is fully completed, the banker wants paid back.

This is the second installment.

So both the Contractor and the workers have to take on another job just to pay back to the banker the first job.

When the first job of building the hospital is paid back in all expenses of the borrowing costs, then the city tells the people that they must now pay fees in order to use the communal building, in this case hospital fees or if it is a library, then library fees, or if it is a museum, then fees to go in and look at the museum.

This is but an example.

This is the third installment.

Then the people are told after they built the hospital, paid the banker back and paid the fees to attend the facility, that they must now pay land taxes, upkeep taxes of the building and while the people are paying all these extra usuries out of their meager wages, they are having to pay back the money to the banker for the first costs of yet another loan for yet another building.

This is the fourth installment.

In addition to this, of course, the people are told that it will be several years until just so many budgeted contracts are able to be manifested for the people to attend.

These are the third

This is the present system you operate under fully today.

What we offer is naught made in hell.

But in Heaven or rather to be more precise, upon other worlds, other planets, who have learned that the money system corrupts the best of men and women at times and therein should never be used as a trading currency for with the currency comes the infraction of breaking all Universal Laws and then comes the usury.

It does naught take three years to restore all power and electricity to Iraq. That is ridiculous! Only under the present hegemonic economic budgeted system would that be a priority to wait that long for full power nationwide. - I am Uthrania Seila Sentana-Ries and this is our portion of this day to the each of you.

## **FREE TRADE AND HOW IT REALLY WORKS**

Please Sisters, Brethren, do naught become like the West who only use their animals for commodities. We pick on the West because they are the only ones going around the world today telling everyone how sensitized and liberated and cultured they are which could naught be further from the truth as they are invaders and occupiers into Iraq, Palestine and Afghanistan and they even from Canada, praise themselves for it. This we will never be able to understand

***'The mine fields will be turned into green areas and productive agricultural projects', he said.***

**--SPA**

Note: Asalaam. This, Sisters, Brethren, is definitely good news all round! We are so very pleased to hear of such worthy progress! It would be worth your while, Sisters, Brethren, that if you have naught used the blueprint issued for the benefit of every Citizen of every Ummah, that you do so as a final and lasting accomplishment toward the safety standard of the Yemen Aden.

**WHERE MONEY REALLY BECOMES A LIABILITY! WHERE A NATION IS PLACED UNDER A BUDGET, THAT NATION HANGS ONTO A LIABILITY KNOWN AS "MONEY" WHICH HOLDS BACK PROGRESS UNTIL THE NEXT INSTALLMENT**

Sisters, Brethren, it is naught necessary to use the present monetary system to accomplish such worthy goals. Find your best resources Yemen, such as offering back to Saudi Arabia land for a conservatory for the Zoo Animals, and Iraqi animals need placement as well and fed.

For instance Southern Yemen has 27% meadows and 7% forest. You have only 1% land arable=fit for agricultural cultivation. Northern Yemen on the other hand is fixed with 14% arable=fit for agricultural cultivation, 36% meadows with 8% forestland. So if we put it all together we have a ratio of something more to work with here than families any longer feeling they need to sell their daughters into rich Saudi Households for wives or servants. That is a day of the past and we would now like to see Yemen grow way beyond its own cash flow, because inside the Federation of Unified Nations operating on the Original Interstellar Islamic People and Government Friendly System of Economics, and naught breaking any Universal Principle by going contrary to the Universally acclaimed economics as practiced on the Paradisiacal worlds. There can be no budget, no lack of resources, no crimes which are mainly attributed to the use of the present monetary system, and no more poor and hopeless feeling Yemeni.

Now let us add up all of Yemenis' finest resources. We have 63% meadows, 15% forestland, and 15% arable land=fit for agriculture and now with removal of the land mines in the Aden Governorate the active land mass is gradually rising. Now we have a land mass of 93% usable land throughout Southern as well as Northern Yemen. In addition to that Yemen has coastal regional waters. Because Oman borders Yemen on one side, and because they are naught self sufficient in their own food production it would naught be wise to cultivate a relationship based upon offering any of their Zoo animals or animals needing a special home where they could naught find otherwise, through the backtrading of food items. Instead, Yemenis can offer the Omanis a home for their Zoo animals and in exchange ask for a certain allotted amount of marble, you can make

your own cement for foundations, and begin to build your own Paradise for those who wish their houses with marble structure or some on the flooring. This of course is just an example. And you would need to build your homes in the culture of your People, with a solid foundation in order that all Yemenis will be safe from major earthquakes in Aden and in other regions. Never think you are naught prone to earthquakes in your regions simply because you have had none before. With all the active bombing and shelling going on by the Americans and British against Iraq and Afghanistan, the bombings are setting off shock waves throughout the major tectonic plates and that is also the reason why Turkey itself has had so many earthquakes in their own region. When the giant earthquake in the western region of Turkey with the hidden three hundred top Israeli, British and U.S. Commanders on their own self made base there was hit and destroyed every Commander and everything on the base, such news, if you remember, was kept to themselves and away from the west for months, and nobody understood exactly how such news could have been kept away from the Public and so secret. That is what the present evil system of today does - manipulates the Public ears. It was entirely due to all the bombing raids they had placed over Iraq and that is why we so often state that "by their own hands=the capitalists will they destroy themselves."

Whatever Yemen needs in prospects of irrigation for instance Yemen is able to ask for assistance in acquiring irrigation pipes with saltine inhibitors attached in return for fish and an offer to yet another Ummah=tribe within a UMMAH=Nation to offer sanctuary of a Paradisiacal nature for exotic Zoo animal creatures and the tired and abused and sad ones. So this is how it works and it has worked this way for eons upon other worlds even less fortunate than this one. Why do we bring up an issue such as Yemenis building some of their structures of Marble? Just to let Yemenis know that no matter what the People of Yemen decide they want to build their own Personal as well as collective Paradise out of as far as material is concerned, nothing under the Original Islamic Interstellar People and Government Friendly System of Economics, if you all work together and follow the Blueprint we had given to each one of you earlier, in the example of agriculture dealing between nations and Peoples and Governments of Nations, before we progressed on in explaining how the Ummahs work within each UMMAH and those UMMAHs or Nations work within even a larger UMMAH, and so on, then you will accomplish a feat so great that Yemen will be turned into a Paradise and even the land will be turned into the greenest meadow lands for the Greatest and Most Beautiful World Conservatory for Middle Eastern Zoo Creatures that the entire non-capitalist World will flock to Yemen just to see them all and be taught at the same time how to care for their own animals at home. Animals likened unto People do naught want to be the subject of examination when they need to urinate or release dung. Watch intently some day soon a smaller animal such as a dog or cat and you will notice that these are sentien beings who have particular feelings just the same as you and I do about many of this things if naught all. We hope, Yemeni we have been of assistance to each one of you again, and we likewise thank the Government and Peoples' of Yemen for their courage and strength in standing by Iraq so many years of the days gone by. Bless each and every one of You this day. You can't build Paradise on a million dollars no matter how nice the gesture might have been. You cannot even build Paradise on

billions of dollars or Yemeni Dinar because Paradise, our Sisters, Brethren, is a Universal System in Place representing a Way of Life known and practiced upon other Planets and Loved by All. Asalaam. - Uthrania Seila Sentana-Ries of the Federation of All Unified Nations. 4:35 AM

## THE WAY THE ECONOMIC SYSTEM WORKS ON A ONE TO ONE BASIS

When the Central UMMAH gathers all the Orders from the Enlightened Council of each individual Ummah, whose Orders are placed in group categories, and then "ticketed" to be processed for trade to other nations, that which cannot be found nor "cultivated" in Iraq, for example. And if One nation does naught have the product to trade but wishes to obtain that which is offered, then that nation may place an order with another nation to give to that nation that which they may want in return for that nation to give to Iraq that which is needed. It is a very simple methodology and a failsafe way of conducting business, both locally as well as intercontinental. A secure Way of doing business within the Federation of Unified UMMAHS, or Nations.

This example works upon each level of UMMAH, beginning with that of a Federated response toward the setting up of a Federated Unified UMMAH toward obtaining that of much larger items needed for the protection toward the whole. This replaces the United Nations as it stands today. In the Middle East we have our own way. A Way which is born on Truth not lies, a Way which offers protection to the nations and not anarchy nor piracy of the peoples' goods, a Way which offers dignity and is therefore bonded together in respect and love for One another.

"You cannot portray a working vision within a money system  
Within a money system you have no vision for we already know the mess that it  
creates"

Sisterhood, Brethren, Would You then cut off Your own nose to spite Your face?

Would You cut off Your hand just so the Body of the Brotherhood of Light cannot remain?

Then You work with only one hand in the entire Ummah of the Greater UMMAH Complex of IRAQ!

Remember we did speak of this before of ourselves! SALAM! - the Originator of Life does naught begin with disputes! of placing shackles upon the People instead of taking them all off! - I am She - Uthrania Seila Sentana-Ries of the Federation of Unified Nations! and here to speak with all of Thee!

### **KIRKUK: HARBINGER OF IRAQ'S FUTURE**

***"Both Farida and Riyadh have become political footballs in a highly emotional, sometimes violent contest between Kurds, Turkmen, Arabs, Christians and even foreign states, over who should live in Kirkuk and who should control the oil-rich city from which half of all Iraq's oil exports flow.***

Note: You all originated from the Starseed planet of Angoriaus II, Subsection Tricorius Alph 2 Quadrant. So what are you all fighting about? The gas? The Oil? Who will be the big person to control the gas and oil in order to squash the sentiments of their Brethren and Sisters? Who will become the most powerful man or woman of Kurkuk over their brethren when they sell the oil and gas to the capitalist entity making their closest brethren and sisters even subservient to them all? This is naught Kirkuk, this is Iraq. This is the land of the URban first dwellers and Kirkuk and Baghdad are just tiny offshoots.

Who will control the oil and gas? The People of Iraq. It will operate as the Majlis and go through the Central Enlightened Guiding acumen and will be used only to serve the People as a whole. No Enlightened Guiding Central Acumen will be held any less accountable before each other as well as the People of the Federation of Unified Nations.

In this way the People of Iraq will all be again found as equals.

In this way noone at the start of the Original Acumen will be above the Principles and Laws of the Universal Acumen.

There will be no prison systems for those who cannot live under the simple Principles and Guidelines working coherently and trustfully within the Sisterhood and Brethrenhood of Light will be removed into the darkness, the darkness of once again having to live and participate and endure the present hellish corrupt system with all its economic barriers to the growth and evolution of hu-mankind.

***"Is Shanghai part of China?" asks Razkar Ali, a PUK representative. "According to all the international historical documents, Kirkuk is a city of Kurdistan."***

Note: Sisters, Brethren please remember what has just happened to Iraq though we will reverse it later. the Americans and the Britons invaded, occupied and then rewrote the history books which were passed then by the United Nations of their own making.

***To Mustafa Kamal of the Turkman Front, it is just the opposite. "Kirkuk is not a Kurdish city. Kirkuk is historically a Turkman city. Kurds are not the majority of Kirkuk. Turkmen are."***

Note: Then bring Kirkuk and Kurdistan into Iraq.

***In the Kurdish ghetto - a homely warren of streets where chickens run and the pavement is considerably more potholed than the Arab side of town, Mutasim Assi Husayn parks his battered taxi. ***Three generations from the Turk-men community at home in Kirkuk***

***"When I refused I lost my job and went to jail," he says smiling good-naturedly."***

Note: When all have stemmed from the Land of the URban city dwellers to begin with, no one is more privy to any part of Iraq than anyone else. What the Northern Oil Company security man has done to You, our Brother, will naught go unnoticed even though for a while when You hear no more from us on this topic, You may think we have forgotten. Just remember, as busy as People may become, naught even the most insignificant or seeming lesser problems of the Iraqi will be ignored.

And for many of these issues many Enlightened Majlis' will be drawn up.

As that man caused for the bitterness of reason to take Your job away, so will we then cause of he to lose his in much the same stylegate. - Uthrania Seila Sentana-Ries of the Federation of Unified Nations

Sisters, Brethren, the Fuji Islands have wonderful medicinal sleeping potion. It appears apparently as a muddy river might appear and has the flavor of dirty socks, we hear, but then perhaps that definition is simply from those who have naught yet learned to appreciate the tastebuds delegated to such serum.

We should be equally interested, my Sisters, Brethren, in contacting the Fijian People when our land is cleared of the capitalist entrepreneurs, or capitalist overlords, to ask the Fijian people if they could possibly be interested in trading the serum for something Iraq has such as oil and gas.

Remember Sisters, Brethren, that Iraq has no debt under the Original Interstellar Islamic Economic System and even without such system, Iraq still has no debt.

Iraq was naught the one to invade itself bringing up war costs and the sanctions have cost Iraq a large sum in trying to keep Iraq from completely sinking while the U.S. and Great Britain were the ones who ran up the war costs.

The Nation of Turkey, Sisters, Brethren, are naught the only ones who have lost productivity over the sanctions.

They are suing the United States of American for millions if naught more.

How much more could Iraq under the present capitalist system, sue the United States, Great Britain, Israel and their allies for all Iraq has lost due to sanctions, invasionary bombings, and U.S.-British chemical, biological and experimental sprays?

Sisterhood, Brethren, the capitalist banking system went after the nations of the Federation of Unified UMMAH so that there would be nothing left to recover to. Making war is profit and sky high will the oil and gas prices reveal themselves. At that point will the war machines screech to a halt and the collapse of the parasitical capitalist machine occur.

Then will the real freedom of the people come. Naught through war but through peace. All weapons will be forced from their hand and once again will the abundance of the land be reinstated back into society, becoming once again reintegrated as part of the whole.

Remember this, Sisterhood and Brethren, it is written that many of us “walk among the living dead.” This demonstrates that in the time nearest the new beginning, the same generations would come back to walk this earth. Those living upon this earth in their bodily casings are called the “living.” Those whom these living considered “deceased” whether over long centuries of time or the short present who have since reincarnated upon this same earthen plane are the “living dead.” So all will be privy to chose which side they are on – the system born in heaven or the system born in hell. The capitalist system of economics and their societal structure, or the paradisiacal system of economics and our societal structure. After all, it is your choice, each and every one.
